ST.PATRICK'S PACK

pros:

- excellent equipment, that can land any fish
- cheap
- funny flashy green colors

cons:

- no bait. you need to reach lvl 5 and buy small living bait to be able to start fishing
- Michigan license absolutely pointless if you don't have lvl 20. and if you are lvl 20 you don't need that pack as you already own similar equipment
- float fishing only

Conclusion: excellent pack, but if you can afford the predators pack go for the predators pack instead. however, if you buy the St Patrick, you won't regret it, but keep in mind there is absolutely no bait included. Very strong and nice looking gear ^^ Will help a lot after St Patric's event it's sure.. How can people get away with selling special dlc's for a holiday at full price months after that holiday....what a rip off... This pack should no longer be available or half price.... Superb dlc good value for money good strong rods reels and line and a good size keep net :). This dlc sure made it easier catch lep fish

I recommend this for new players, 220lb net is the main thing i like. Not to mention hauling cats from their homes for bank silver.. GREAT STUFF
. not so good at the moment cant even play it. Awsome dlc also worth the money! (Good for big fish!)
